Cappadocia is a region of central Turkey based around a triangle formed by the towns of Nevsehir, Nigde and Kayseri. Famous for its 'fairy chimneys', unique geological formations created from volcanic detritus of porous rock that is easily carved, chipped and eroded by the elements, this region is also known for its early Christian history with St. Peter referring to Christians living in Cappadocia as early as the 1st century AD.

On this short extension prior the main tour, discover the stunning vistas, fascinating history and tales and stay in a cave hotel hewn out of the rock. What's more, there is also the option to take a hot air balloon ride as the sun rises over the distinctive scenery. The many balloons floating high over the unique landscape of Cappadocia is one of Turkey's most famous sights.

This morning, join an optional excursion and take to the skies for a hot air balloon ride over Cappadocia. An early departure for a short transfer to the take-off field where the balloons are being prepared. Following the safety briefing from the pilot, the balloon takes off to be airborne just before sunrise. Following the landscape contours of Cappadocia, and flying high enough to enjoy the topography from above and low level too, you'll soar above the stunning scenery for approx 45 minutes. Return to your hotel for breakfast

Later this morning, the group meets our guide and driver as we begin a full day exploring Goreme. There are over ten cave churches in the Goreme Open Air Museum, including the Tokali (Buckle) Church, the Chapel of St. Basil, the Elmali (Apple) Church, the Chapel of St. Barbara, the Yilani (Snake) Church, the Chapel of St. Catherine, eht Carikli (Sandals) Church and others. Along with rectories, dwellings, and a religious school, they form a large monastic complex carved out of a roughly ring-shaped rock formation in the other worldly landscape of Cappadocia. Each church has a modern Turkish name, given by local villages based on a prominent feature. Most of the churches are fully painted inside with beautiful and historically important Byzantine murals dating from 900-1200 AD. Most are in remarkably good condition, although nearly all the eyes of the painted figures have been gouged out by superstitious locals afraid of the Evil Eye.

Afterwards, we visit with the rock formations in Derwent Valley; then continue to the cliff dwellings in the three valleys of Zelve, which is home to intense chimney rocks formed in the volcanic tufas. The chimneys rocks from the valley have large pointed tops and large trunks. There are many settlements used for hiding by the first Christians trying to escape from the Roman soldiers, with many abbeys and churches.

The last stop will be to Avanos where we'll visit to a local pottery art workshop and see how people survived and created beautiful art in this region dating back to the Hittite period and learn about local art.

After a delicious local lunch, we will drive back to the hotel stopping for some other photo breaks to see Uchisar Castle, was once used as a fortification and offers a magnificent panoramic view of Cappadocia and Mt. Erciyes in the distance and the famous Pigeon Valley.

This evening, we enjoy a delicious dinner of local fare while watching an engrossing folkloric performance.

**Included meals:** Breakfast, Lunch & Dinner

**Accommodation:** Gamirasu Cave Hotel, Cappadocia (or similar)

### DAY 3 - UNDERGROUND CITIES & WHIRLING DERVISHES

After breakfast, we meet our guide and driver and head to the amazing underground city of Kaymakli.

Signs of an early troglodyte lifestyle are evident in the communal kitchens blackened by smoke, stables and storage spaces carved into the rocks as need arose. The maze of living quarters hundreds of feet below ground is startling proof that tens of thousands of people existed deep within the earth.

We then continue to the small village of Mustafapasa (Sinassos), which has old stone houses with attractive carved facades dating back to the end of the 19th century, and a cluster of small churches. Once known as Sinassos when it was a thriving Greek community before World War I. Places of interest include a 19th century medrese, the Ayios Vasilios Church, and the Church of Sts Constantine and Helena. We enjoy lunch at an Old Greek House this afternoon before continuing to Avanos.

Located on the banks of Kizilirmak River, the ancient name of Avanos used to be Vanessa. The city's most famous historical feature, which is

still relevant and very visible today, is its production of earthenware pottery. The ceramic trade in this district and its countless pottery factories date right back to the Hittites. We visit one of the handicraft centers to see the production and to get brief information on the art of pottery. We then continue to a famous winery to sample some of the wine produced in the area before returnin to the hotel for some free time.

Late afternoon, we meet together as we head out to Sarihan to watch a Whirling Dervishes performance (also known as a Sema). Dervishes, initiates of the Sufi Islam sect, are famous for their practice of twirling in an exquisite spiritual ceremony that UNESCO named a Masterpiece of the Oral and Intangible Heritage of Humanity. The old Saruhan Caravanserai, built in 1249 and totally restored, is the place for the holy ceremony of the whirling dervishes in Cappadocia. The ceremony, inspired by the great Mevlana (1207-1273), is part of the Turkish history, tradition, culture, and beliefs. Performed only by religious men, while whirling endlessly, they have their arms open, their right hands directed to the sky, and the left ones turned toward the earth. They turn from right to left. Pivoting around the heart, conveying God's spiritual gifts to the people - to us. Watching this ceremony, carried over for hundreds of years, is an experience that a visitor in Turkey should not miss! During the ceremony the audience is not allowed to drink, eat, speak, or taking photos since it is a religious practice.

We return to the hotel for an evening at leisure.

**Included meals:** Breakfast & Lunch

**Accommodation:** Gamirasu Cave Hotel, Cappadocia (or similar)
